for iPhone, iPod Touch, and iPad**

Intergalactic Action Game Now Available in Apple's App Store!

FOR IMMEDIATE RELEASE

NEW JERSEY, USA – July 31, 2010 – Dueling Angels Entertainment today announced that their first game, Orbital Bombardment, is now available exclusively for iPhone, iPod Touch, and iPad. Orbital Bombardment is a highly addictive action game in which players defend lovable alien creatures from an intergalactic menace.

In Orbital Bombardment, the player takes on the role of intergalactic defender. An evil alien menace hurls wave after wave of projectiles at helpless alien creatures while the player uses a variety of touches, gestures, and powerups to destroy them. At the end of each of the six stages players face off in a fierce battle against massive bosses.

“We’re very happy with what we’ve achieved with Orbital Bombardment. Players of all ages and skill levels will find it not only both fun and challenging, but quite a treat for the eyes and ears as well.” said Jonathan Belsky, Co-Founder. The primary mode of the game is story mode in which players will get to experience the gripping space opera that unfolds. “We really tried to go all out and created full cut scenes to help tell the tale.”

There are four difficulty levels that are guaranteed to provide a fun experience for players of all skill levels – from casual to hardcore gamers. Orbital Bombardment also features stage select (so players can challenge their own high scores), full Agon Online integration including global leaderboards with dozens of awards, and an original soundtrack written just for the game.

Orbital Bombardment is now available for \$2.99 in the U.S. and is priced accordingly in other regions. Orbital Bombardment is available worldwide in Apple’s App Store for iPhone, iPod Touch, and iPad, or by visiting: <http://www.orbitalbombardment.com>
